PROFESSIONAL SUMMARY

Recently graduated with expertise in Object-Oriented Programming, Data Structure, and Algorithms. Adept at applying strong analytical and communication skills to deliver effective software solutions. Seeking opportunities to leverage my technical proficiency in a development role.

EXPERIENCE

ADNECTO TECHNOLOGIES (OPC) PRIVATE LIMITED, Kannur, Kerala

PHP Developer Intern

Aug 2024 – Sep 2024

- Developed Web Applications using the **MVC** framework with PHP, integrating HTML, CSS, JavaScript, and Bootstrap to create dynamic and responsive user interfaces.
- Integrated Payment Gateways such as **Razorpay**, enabling secure and reliable payment processing for e-commerce and transaction-based applications.

Softpro India Technologies, Lucknow

Software Developer Trainee

February 2024 – May 2024

- Revamped **CRM Website** Interface and developed both the **frontend using custom HTML, CSS** and **Bootstrap** components, and backend using **Python** and **Django**, enhancing responsiveness and user engagement by 40%.
- Implemented **user navigation** and reducing page load times by 30% and increasing user satisfaction scores by 25%.
- Enhanced user experience by integrating an **animation library**, resulting in a 30% increase in user interaction and retention.

PROJECTS

CTF - Capture The Flag (PHP, Javascript)

- Designed and built an interactive web application for hosting and participating in CTF competitions using a combination of frontend and backend technologies.

Lunch Ordering Website (PHP, CodeIgniter, JavaScript)

- Built a lunch ordering system with payment gateway integration using PHP and the CodeIgniter framework.
- Added functionalities for user registration, **OTP verification**, and favourite item selection to enhance customer engagement.

Car Rental Website (PHP, JavaScript)

- Developed a web-based application for managing car rentals using PHP.
- Implemented functionalities for vehicle listing, booking management and **user authentication** for customers and agencies.
